[illegible]

Figure 1 is a schematic diagram of a graphical user interface for a document management system. The interface is divided into several sections. At the top, a title bar reads "Candfile for Windows - [Worksheet]". Below this is a menu bar with "File", "Edit", "View", "Library", "System", "Disc", "User", "Window", and "Help". The main area is divided into two panes. The left pane contains a list of properties for a selected item, with columns for "Properties", "No", "Title", "Chapter", "Pages", "Rank", and "Entry Date". The right pane shows a "Text Library" with a list of items. A search bar is located at the bottom right. The interface is annotated with reference numerals 701 through 707, pointing to various components: 701 points to the title bar, 702 to the menu bar, 703 to the left pane, 704 to the right pane, 705 to the search bar, 706 to the "Text Library" label, and 707 to the search bar's input field.
